

### Apply here

#### Start date

Flexible

#### Duration

6 months

#### Languages

Good spoken and written English levels are required (B2 onwards)

#### Location

Bristol, England

Bristol is the largest city in the South West of England. It has a strong reputation for creativity, digital innovation and social enterprise, and is the home of Oscar-winning Wallace and Gromit and urban artist Banksy. Offering a lively nightlife, bars and restaurants aplenty, musical diversity and many historical sites, in 2017, The Times newspaper voted it 'Best Place to Live in the UK'.

#### Are you eligible?

Are you a registered student?

Or

Are you eligible to participate in the Erasmus+ programme?

#### Benefits

See website for details of all ESPA benefits. For all internships over 6 months, additional benefits will be paid. Details available at interview.

### Role

This is a fantastic opportunity for a proactive App Developer to gain practical experience within this highly successful host company who provide award winning mobile application solutions. Mentored throughout, you will assist in the development the next generation of their iOS mobile applications. Working for a host of leading brands, this will be a real career boosting experience.

### Tasks

- Design and build applications for the iOS platform
- Collaborate with cross-functional teams to define, design and ship new features
- Work on bug fixing and improving application performance
- Continuously discover, evaluate and implement new technologies to maximize development efficiency
- Communicate with clients

### Personal Skills

- Understanding of iOS programming paradigms and memory management
- Knowledge of C/C++
- **Knowledge of one** or more of the following iOS SDK, Swift, Objective-C, RESTful web services, JSON and XML data format
- Knowledge of the general mobile landscape, architectures, trends and emerging technologies as a plus
- Excellent teamwork skills, good analytical and problem-solving skills with the ability to meet deadlines and work under pressure.

### The Host Company

The host company is an award-winning team of mobile consultants and mobile app development experts who, in the past seven years, has worked across multiple sectors with many prestigious clients. Providing the complete solution from design to finished product, they help to transform business processes, staff productivity and customer engagement using mobile and location-based technologies. Ranked third in the Deloitte Tech Fast 50 UK Awards and recently acquired by a larger media company, this is an exciting time to be joining this rapidly growing organisation.
